

Overcharged

by your utility supplier?

get your money back

call 0845 066 0705

or email: info@nationwide-energy.co.uk

Have you been overcharged by your utility supplier?? Are you due money back??

Nationwide Energy in partnership with Greene King can help you recover money owed to you by electricity, gas or water suppliers by our **utility audit service** which has no upfront fees!!!

No win no fee so you have nothing to lose!!!

Overcharging business customers is systemic within the utility markets. We audit your invoices and ensure you receive a full refund of all overcharged invoices.

We understand how difficult it can be dealing with utility suppliers and understanding invoices. Ofgem and Consumer Focus have been asking for clearer and easier to understand invoices from suppliers for many years but unfortunately utility suppliers still have not addressed this issue.

Estimated readings and fixed direct debits are all in the suppliers favour as these are usually over estimated and take money out of your business. That's where we can help with our **no fee** upfront audit as any payment comes from your refund/reduction from the supplier.

Ourselves and Greene King are committed in helping all its retailers in saving money and helping businesses to be as successful as possible.

Let us take the stress and hassle from you and get your money back.
